Dear Mr. Casillas:

Subject: 3333 OCEAN FRONT WALK ELECTRIC SERVICE.

The existing electric service to this building has been field checked and it has been confirmed by SDGE that it is feed underground from an SDGE pole. The existing conduit and service is sufficient. If the electric service is to be upgraded new conduit will be required to be installed based on the electric panel size.

If I may be of further assistance or if you have any questions, please call me at the number listed below. Our hours are from 7:00 AM - 4:00 PM, Monday through Friday. For additional general information, please visit our website at <http://sdge.com/index.html>.

Sincerely,

Jim Todd
